

NEVADA WOMEN'S FUND WORKFORCE READY SCHOLARSHIP PROGRAM

Establish an Workforce Ready Nevada Women's Fund Scholarship

There are a variety of donor opportunities for the Fund. However, establishment of a workforce ready scholarship is an annual commitment and allows the donor to stipulate its use and purpose:

- The *minimum* amount to establish an annual education scholarship is \$1,000.
- The Board of Directors of the Nevada Women's Fund or its designee(s) has and shall have full plenary power and authority to take, hold, manage, and invest the restricted scholarship gift in accordance with the management policies of the Nevada Women's Fund board of Directors or its designee(s).
- The Fund will allocate the scholarship fund annually to an individual recipient who meets the criteria set by the scholarship donor.

Scholarship Distribution Process

Nevada Women's Fund relies on its Allocations Committee, composed of dedicated board and community members, to review and score each application. The committee is diverse in background and professional experience. The Fund's President & CEO and Program Coordinator support the committee, but neither are voting members. Committee members receive comprehensive training on application evaluation and guidance from the board on priority areas. Each scholarship application is assessed based on financial need, GPA, the quality of the personal statement, and whether the applicant is a returning student.

This scholarship operates on a quarterly scholarship cycle, and awards are made for a full academic year. If no suitable recipients are identified, the designated funds will remain fully intact and automatically carry forward to future scholarship cycles, ensuring they are awarded in subsequent quarters/years to qualified applicants.

**AGREEMENT to ESTABLISH WORKFORCE READY
SCHOLARSHIP Between NEVADA WOMEN'S FUND**

(Donor Name)

Establishment of Funds

There is hereby established with the Nevada Women's Fund

(Name of Scholarship)
